

Online Ordering Customizations

Discover the built-in customization options to create an online ordering experience that fits your brand and preferences.

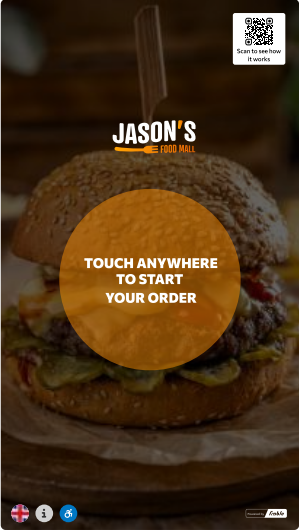

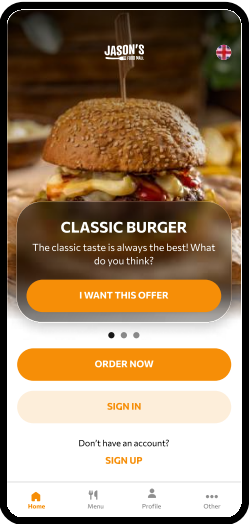

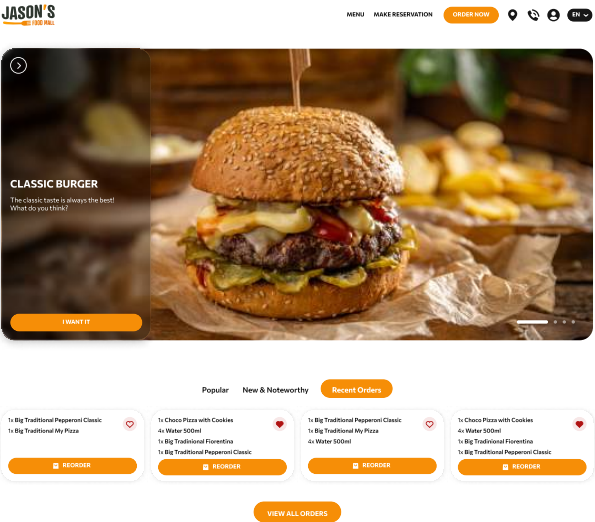

Homepage

Create a visually engaging homepage that welcomes your customers and makes the ordering journey more appealing from the first click.

Decorative wavy lines in shades of orange and yellow at the bottom of the slide.

Home Banner

Add a strong visual entry point with image banners, rotating carousels, videos, or custom code across web, mobile, and kiosk.

Delivery Time Banner

Display a dedicated banner that continuously shows and updates the current average delivery time, helping customers set expectations before ordering.

The current average delivery time, of our stores is
